Banbury Meadows Homeowner's Association  
c/o Development Services Inc.  
9601 W. State Street, #203  
Boise, ID 83714

To the Banbury Meadows Homeowner's Association:

Thank you for reaching out to Veolia regarding the fire hydrants in Banbury Meadows Subdivision.

Much like our wells, pumping stations, tanks and underground pipes, the hydrants are owned, operated, and maintained by Veolia. Why? Because fire hydrants and the rest of our infrastructure is critical to public health and safety. While the HOA may feel the hydrants are unsightly, the purpose is to provide critical fire protection for your neighborhood. A responsibility we don't take lightly.

Veolia has a planned maintenance schedule of all of our facilities and assets, including hydrants, and we take pride in our system.

To accommodate your aesthetic needs, Veolia will move the Banbury hydrants up in priority.

Let us be clear, however. We do not give permission for Banbury to perform any hydrant painting or maintenance.

Regards.

A handwritten signature in black ink that reads 'John Lee'.
